AGENT RELEASE POLICY

An Agent wishing to move to the FMO from another field marketing organization must present to CHRISTUS a release letter from the current field marketing organization. If the current field marketing organization refuses to release the Agent, CHRISTUS will honor the refusal for a period of one (1) year from the Agent's request to change. At the end of the one-year period, CHRISTUS will process the change without a release letter. When an Agent moves from the FMO to another field marketing organization, the Agent's book of business, including commissions, will follow the Agent. **CHRISTUS will not process Agent moves during the Blackout Period (September 1st through December 31st).**
